

Half and Whole Steps on Staff

Determine whether these are half or whole steps. Remember to picture a keyboard as you are looking at the example on the staff.

For example, if you look at this:  You must picture the keyboard in your mind to determine if it is a half or whole step. You know that there is a black key between the two notes, therefore it is a whole step.

Write Half or Whole under each example. (Hint: It might be a good idea for you to draw a keyboard.)
